Meeting Conditions:

Stewards conducted a normal track inspection upon arrival on course and were advised by Track curator Mr. Andrew Inger that the track was deep harrowed on Wednesday 8 November 2017.

Following event 2 concerns were raised to Stewards by several Trainer's regarding the softness of the track surface directly in front of the 525m boxes. Stewards inspected the track and after consulting with the track curator and the on track veterinarian, Stewards deemed the track suitable to race for event 3 over the 315m. Following event 3 Stewards inspected the track surface in front of the 395m and the 525m boxes and after track staff carried out minor maintenance to the areas of concern, the surface was deemed suitable for racing.
