As this was I'm a Lawyer's first start, that matter could only be resolved satisfactorily by checking the greyhounds actual weight as no history of recorded weights was available. After being weighed on-site, it clearly established that the weight recorded at the greyhounds first start could not</p>

possibly have been correct and it would be entirely unreasonable to not rectify the matter. Under the provisions of GAR 38 (1) - the Stewards deemed it necessary to make such order that 33.7kg will be officially recorded as the correct weight at I'm a Lawyer's first start.
