As this was So Predictable's first start, that matter could only be resolved satisfactorily by checking the greyhounds actual weight as no history of recorded weights was available. After being weighed on-site, it clearly established that the weight recorded at the greyhounds first start could not possibly have been correct and it would be entirely unreasonable to not rectify the matter. Under the provisions of GAR 38 (1) - the Stewards deemed it nessesary to make such order that 32.6kg will be officially recorded as the correct weight at So Predictable's first start.
