Due to an operational oversight at the completion of the event the catching pen gate was not utilised with the lure and greyhounds finishing in the back straight in a follow-on lure. Subsequently, all greyhounds in the event underwent a post-race veterinary examination by the on-track veterinarian and no apparent injuries were reported. Upon review of the circumstances, Stewards established that not all track staff were alerted to the race time changes for this meeting, which contributed to the catching pen gate being unmanned. All time changes for the race meeting were immediately rectified with all race day officials and track staff. The lure carriage was changed and retested before the running of race 4 and cleared for racing.
